

# Shu 修

Learning to learn / learn by copying -  
Presentation based

**Education Units**

# Ha 习

Individualising the learning -  
Discovery based

**Training Units**

# Ri 離

Utilising the learning -  
Application based

**Pre- Vocational Units**

**Events – Based**

**Reactive**

**Adapt to  
reality**

**Patterns  
of Behaviour**

**Responsive**

**Magnetise  
positives**

**Systemic Structure**

**Generative**

**Create reality  
of choice**

**Continuum**

## **The Machine**

**Inorganic**

**Detail complexity**

**External locus of control**

**Inflexible**

**Non-renewing**

**Direct cause / effect  
relationships**

**Single dimensional**

**Static balance**

**Forced**

## **The System**

**Organic**

**Dynamic complexity**

**Internal locus of control**

**Flexible**

**Transformative /  
Self creating**

**Indirect cause / effect  
- Synchronistic**

**Relativistic**

**Rhythmic / cyclical**

**Natural**
